For more information, please refer to your service Terms & Conditions.
7	Is there any penalty charge if I terminate my unifi Home AFTER the minimum subscription period is over?	<ul style="list-style-type: none"> There will be no penalty charge for termination made after the minimum contract period (24 months).

ELIGIBILITY

8	Who is eligible to subscribe to the unifi Home?	<ul style="list-style-type: none"> The unifi Home packages are eligible to all new and existing TM customers and subject to service and coverage availability.
9	Are non-Malaysians eligible to subscribe to the packages?	<ul style="list-style-type: none"> Yes, the packages are also open for non-Malaysians to subscribe.

VOICE OFFERING, DOWNLOAD & UPLOAD SPEED

10	What are the voice call charges offered by unifi Home packages?	<ul style="list-style-type: none"> Under the unifi Home packages, calls from Fixed to Fixed line and Fixed to Mobile will be charged 20 sen/min (including local calls). 												
11	What is the download and upload speed for unifi Home?	<ul style="list-style-type: none"> The download and upload speeds for unifi Home are as follows: <table border="1" data-bbox="592 1800 1275 1948"> <thead> <tr> <th>NO.</th> <th>SPEED</th> <th>DOWNLOAD SPEED</th> <th>UPLOAD SPEED</th> </tr> </thead> <tbody> <tr> <td>1.</td> <td>30Mbps</td> <td>Up to 30Mbps</td> <td>Up to 10Mbps</td> </tr> <tr> <td>2.</td> <td>100Mbps</td> <td>Up to 100Mbps</td> <td>Up to 50Mbps</td> </tr> </tbody> </table>	NO.	SPEED	DOWNLOAD SPEED	UPLOAD SPEED	1.	30Mbps	Up to 30Mbps	Up to 10Mbps	2.	100Mbps	Up to 100Mbps	Up to 50Mbps
NO.	SPEED	DOWNLOAD SPEED	UPLOAD SPEED											
1.	30Mbps	Up to 30Mbps	Up to 10Mbps											
2.	100Mbps	Up to 100Mbps	Up to 50Mbps											

2	Why is the upload speed different from the download speed?	<ul style="list-style-type: none"> Based on our findings on consumer's behaviour, most users are hungry for high download speed. Most of the activities spent on the Internet requires higher download speed for seamless internet experience, for instance: video streaming, social networking, downloading materials, etc. TM is committed to provide higher bandwidth to our customers. The upload speed for the all new unifi is sufficient to provide good experience to almost all customers. From the usage statistics of our existing unifi customers from 10Mbps and 20Mbps customers, 90% of total users only utilised less than 5Mbps upload speed. Common genuine usage includes gaming, VoIP, FTP, CCTV and video streaming and other high latency application.
3	I need higher upload speed. Do TM have any packages that can suit that requirement?	<ul style="list-style-type: none"> The upload speed for the new unifi Basic plan™ and unifi 100Mbps plan™ is sufficient to provide a trusted internet experience to almost all subscribers. For customers that require higher upload speed, we encourage them to subscribe to our unifi 100Mbps plan™ to enjoy maximum upload speed that we can offer.

SERVICE AVAILABILITY

4	How do I check the service availability in my area?	<ul style="list-style-type: none"> You can check service availability in your area online at www.unifi.com.my, via Live Chat at care@unifi app or unifi.com.my/chat, visit any TMpoint outlets nationwide, tweet us @helpmeunifi or message us at facebook.com/weareunifi.
---	--	--

REGISTRATION

5	How do I subscribe to the unifi Home?	<ul style="list-style-type: none"> Customers may register via online at unifi.com.my, or visit the nearest TMpoint, TM Authorised Dealer (TAD) and resellers.
6	I'm not a Malaysian, can I subscribe to unifi Home via online, TM Authorised Dealer (TAD) or resellers?	<ul style="list-style-type: none"> You can ONLY register online via unifi.com.my or go visit any nearest TMpoint outlets.

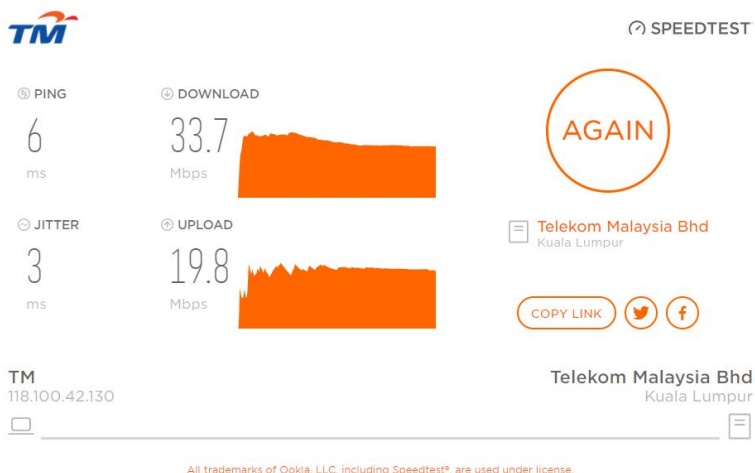

NEW APPLICATION

7	Why unifi Basic plan™ and unifi 100Mbps plan™ do not come with unifi TV Set-Top-Box?	<ul style="list-style-type: none"> Based on consumer lifestyle nowadays, we are more used to consume contents on mobile devices like video streaming or on demand content at our own convenience time via our own smart devices. Hence, unifi Basic plan™ and unifi 100Mbps plan™ are designed to offer you with high speed internet and playTV@unifi app ID access. This is to give our customers the freedom to watch their favourite programmes and content on any smart devices at home or even when they are on-the move.
---	---	---

UPGRADE / DOWNGRADE

8	<p>Can I upgrade / downgrade my unifi Home package?</p>	<ul style="list-style-type: none"> ▪ Yes, you are able to upgrade to the higher speed package at any time. ▪ For downgrade request, if customers still within the contract period, the current contract period will be renewed to 24 months. If customers downgrade after the contract period, the customer will be tied to a new contract period.
9	<p>Can I downgrade to unifi VIP5 / VIP10 / VIP20 / broadband packages after subscribing to the unifi Home?</p>	<ul style="list-style-type: none"> ▪ With the introduction of unifi Home plans, the previous packages i.e. unifi VIP5 / VIP10 / VIP20 will no longer be available. Therefore, customers will not be able to downgrade to those packages once subscribed to the unifi Home package. ▪ However, if customer wishes to downgrade to broadband packages, they can do so at the nearest TMpoint outlets.
10	<p>Where can I upgrade / downgrade my unifi Home package?</p>	<ul style="list-style-type: none"> ▪ To upgrade, you may do so at all TMpoint outlets nationwide and TM Sales Centres (100). ▪ To downgrade, please walk-in to the nearest TMpoint outlets to find out. Check here to know the locations.
1	<p>My current unifi VIP package is still within the contract period and I wish to upgrade to unifi Home. Will I be penalised?</p>	<ul style="list-style-type: none"> ▪ You will not be penalised. However, the contract period will be renewed to 24 months.
2	<p>If I am an existing unifi VIP subscriber with unifi TV Set-Top-Box (STB) and I have upgraded to unifi Basic plan™ or unifi 100Mbps, can I view unifi TV content from my existing unifi TV STB?</p>	<ul style="list-style-type: none"> ▪ Yes, you can still experience the unifi TV content from your preferred unifi TV pack whether it is Aneka Plus/Ruby Plus/Varnam Plus/Ultime pack using your existing unifi TV Set-Top-Box.
3	<p>I noticed that my current unifi VIP package subscription is bundled with unifi TV Set-Top-Box but I do not subscribe to any unifi TV packs. It comes</p>	<ul style="list-style-type: none"> ▪ unifi Basic plan™ and unifi 100Mbps plan™, offer unifi TV content experience via playTV@unifi app. As a loyal TM customer, you have the privilege to watch unifi TV content based on your preferred packs (Aneka Plus/Ruby Plus/Varnam Plus/Ultime) via your existing Set-Top-Box. In addition, you can also watch your

	<p>with Free-to-Air (FTA) channels such as RTM and TV3. If I upgrade to unifi Basic plan™, or unifi 100Mbps plan™, will I be able to view the unifi TV content via Set-Top-Box or via playTV@unifi app only?</p>	<p>favourite entertainment programmes on playTV@unifi app anywhere, for up to two (2) devices.</p>
4	<p>If I am subscribing to unifi Basic plan™, or unifi 100Mbps plan™, am I eligible to subscribe unifi TV pack with Set-Top-Box?</p>	<ul style="list-style-type: none"> ▪ Currently Add-on request for Set-Top-Box is not available.
EED TEST		
5	<p>How do I check the speed of my unifi Home package?</p>	<ul style="list-style-type: none"> ▪ Once your unifi Home is activated, you can run a speed test http://speedtest.tn.com.my/. You may check out our website https://unifi.com.my/better-unifi-experience/index.html to learn how to maximise your Internet experience.
6	<p>I am an existing unifi VIP customer and planning to upgrade to unifi Home package. What do I need to do after TM has successfully upgraded my speed / package?</p>	<ul style="list-style-type: none"> ▪ Step 1: You are required to turn off your wireless router for 10 minutes to allow new configuration to take place before you can enjoy your new speed. ▪ Step 2: Once done, you can start testing your unifi speed at this http://speedtest.tn.com.my/. ▪ Step 3: Click the 'GO' button on the front page and wait for the test to complete. ▪ Step 4: The test will show the result of your current upload and download speeds

📄 Telekom Malaysia Bhd
Kuala Lumpur

All trademarks of Ookla, LLC, including Speedtest®, are used under license.

IMPORTANT NOTES :

1. Before you perform the speed test, please stop any ongoing download activities and shut down any programmes that may be utilising your connect i.e. P2P, streaming, etc.

Speed test can be done over wireless however, for accurate results, it is recommend that the test to be done over wired connection by using LAN cable provided during your unifi Home installation. To learn more, head over to our website <https://unifi.com.my/better-unifi-experience/index.html>

1. Simply plug the LAN cable from your computer to your wireless router LAN port LAN1 to LAN3 (any of them).

LAN cable

7	<p>Why couldn't I enjoy the speed as advertised?</p>	<ul style="list-style-type: none"> ▪ unifi Home is a wired broadband service. Wireless connectivity is a complimentary feature offered to our customer via the wireless router and it is subject to interference and obstructions factor. Check out our website https://unifi.com.my/better-unifi-experience/index.html to learn more. ▪ Internet access speed may be affected due to several factors such as: <ul style="list-style-type: none"> ➢ Locations of websites; users may experience lower speed when accessing website which originated from international server. ➢ Capacity of visited web server or some web servers are unable to cope with huge traffic demand from users OR do not have enough capacity OR where download speed is restricted to ensure fair level of service ➢ Network congestion as a result of network maintenance or outage. ➢ User is running multiple applications simultaneously like user other applications such as Peer-to-Peer e.g.: Bittorent ➢ Multiple users sharing the unifi Home bandwidth at customer's premise at the same time.
8	<p>What can I do to improve the speed via wireless connectivity?</p>	<ul style="list-style-type: none"> ▪ We recommend customers to practice these tips in order to improve the speed via wireless connectivity: <ul style="list-style-type: none"> ➢ HEAT - Place your wireless router away from areas with high temperature as heat will affect the router performance and browsing experience. <ol style="list-style-type: none"> a. Wireless router should be placed in an open area to allow heat ventilation b. Place the broadband equipment next to each other instead of stacking it to reduce the risk of overheating. ➢ DISTANCE – Wireless router has distance limitations when it comes to signal range. As distance increases, the signal becomes weaker. <ol style="list-style-type: none"> a. Consider placing your Wireless router in an area where you would frequently perform your browsing activities ➢ OBSTRUCTION – WiFi signal efficiency will decrease when it passes through physical obstruction e.g.: thick walls, metals and solid objects. <ol style="list-style-type: none"> a. Consider placing your Wireless router in an open area to maximise signal reception b. Avoid placing your router in a closed cabinet, secluded room or under the stairs.

		<ul style="list-style-type: none"> a. ELECTROMAGNETIC INTERFERENCE – Signal waves generated by home appliances such as microwave ovens, refrigerators, baby monitors can interfere with your WiFi connectivity Place your Wireless router away from home appliances b. Avoid sharing the power socket that is connected with the home appliances <ul style="list-style-type: none"> ➤ WIFI SECURITY PASSWORD – A user may hack into your WiFi security password to get free internet access. The more users connected to your Internet the more bandwidth will be consumed; thus affecting your browsing experience <ul style="list-style-type: none"> a. Consider setting a unique and strong WiFi security password. b. Consider changing your WiFi security password from regular basis to improve your network security <ul style="list-style-type: none"> ▪ Alternatively, customers can visit this link for further information on tips to enhance your wireless connectivity speed.
--	--	---

RELOCATION

9	<p>What if I need to relocate my unifi Home service? Are there any charges that I need to pay?</p>	<ul style="list-style-type: none"> ▪ Relocation request can be made at any TMpoint outlets nationwide and is subject to service availability at the new area where you wish to relocate the service. The relocation fee of RM300 shall be waived. ▪ For internal relocation within premise, there will be a relocation fee of RM300 for Entry Wall movement, and RM200 if without Entry Wall movement.
---	---	--

10	<p>I'm subscribing to unifi Home and I wish to relocate at an area that it is still not available with unifi Home service yet. Can I terminate my unifi service if my unifi still within the contract period?</p>	<ul style="list-style-type: none"> ▪ If you relocate to a unifi non-serviceable area: <ul style="list-style-type: none"> ➤ You have the option to subscribe to any Broadband speed available depending on the area served. ➤ If you do not wish to subscribe to any of the Broadband packages available, you has the right to charge early termination fee of your unifi Home account (if applicable). ➤ You will not be charged if you relocate at an address that is not available with unifi Home or Broadband.
----	--	---

WiFi HOME INSTALLATION & ACTIVATION

11	<p>When will my unifi Home service be activated?</p>	<ul style="list-style-type: none"> ▪ The lead time for your unifi service to be activated is up to seven (7) days from the date of registration.
----	---	---

2	How long does a typical unifi Home installation and testing take?	<ul style="list-style-type: none">Installation and testing are expected to take approximately 4 to 8 hours depend on the type of customer's premise due to the sensitive nature and the complexity involved in fibre installation.The installation process includes site survey, ducting, piping, electrical work and equipment configurations.
3	Does TM allow customers to appoint their own contractor to perform internal wiring?	<ul style="list-style-type: none">Yes, we do. Customers may call their own contractor to fix the internal wiring but TM will not be liable for any damages resulting from any works done by third parties.
4	What are the charges for installation fee and equipment?	<ul style="list-style-type: none">Installation charge for unifi is RM200 (currently waived for standard installation the first 50 meters only). If your premise requires non-standard installation additional cabling, extra charges will be imposed by TM Contractor. Click here to view more info.The standard package is inclusive of equipment worth approximately RM1,000 that will also be given free-of-charge to customers.
TRANSFER OF OWNERSHIP		
5	Are there any charges if I request for change of ownership?	<ul style="list-style-type: none">Yes, change of ownership is subject to a one-off fee of RM10 per change request.
6	Where can I request for change of ownership?	<ul style="list-style-type: none">Change of ownership request can be made at any TMpoint outlets nationwide. Both existing and new owners must be present with their respective NRICs.
UPFRONT PAYMENT		
7	Do I need to pay any upfront payment during application?	<ul style="list-style-type: none">Yes. For unifi Home service application made without the verification of a MyKad Reader, customer is subject to an upfront payment of RM100 (for Malaysians) or RM500 (for non-citizen or a permanent resident of Malaysia).You have to collect The upfront payment within 10 activations. Customers will be notified by TM on their successful payment through SMS and the payment will be reflected in their next bill.
PAYMENT & BILLING		
8	When will I get my first bill after I subscribe to unifi Home package?	<ul style="list-style-type: none">Customers can expect to receive their first e-bill within one (1) month upon service activation. The first bill will include pro-rated package fee (current usage) and one month advance payment.

9	<p>Do I pay a separate bill for the services bundled in unifi Home?</p>	<ul style="list-style-type: none"> ▪ All services offered under unifi Home including Home Gadget Protection will be in a single bill. ▪ For Security & Surveillance, unifi mobile and services maintained after subscribing to unifi Home (i.e. broadband, TM Home line), customers will receive a separate bill.
10	<p>Where can I pay my unifi bill?</p>	<ul style="list-style-type: none"> ▪ You can pay your bill through several payment channels such as: <ul style="list-style-type: none"> ➢ care@unifi app ➢ unifi portal via unifi.com.my ➢ any nearest TMpoint or TMpoint Authorised Dealer (TAD) outlets ➢ POS Malaysia and branches of selected preferred online banking channels ▪ For hassle-free payment transactions, it is highly recommended that you subscribe to TM Autopay service where you can also <u>enjoy a rebate of RM2/month</u> on your monthly TM bills. ▪ For the list of our authorised bill payment channels, click here.
11	<p>How do I retrieve my unifi bill statement?</p>	<ul style="list-style-type: none"> ▪ e-Bill (softcopy) – TM will send the e-Bill to your preferred email address, and FREE! ▪ SMS – You will also receive SMS text notification within 7 days after the bill is ready. The content is the bill amount, bill due date and unifi portal link to view the bill. ▪ unifi Portal – You can view your bills for the past six (6) months via online by logging to unifi.com.my.
12	<p>How do I change my email billing address?</p>	<ul style="list-style-type: none"> ▪ You can change your billing profile via unifi.com.my under Settings > Account section. Or you may chat with us via Live Chat at care@unifi app or unifi.com.my/chat, send email request to help@tm.com.my or by making a request at your nearest TMpoint outlet.
13	<p>How do I change my unifi billing method?</p>	<ul style="list-style-type: none"> ▪ You can change your unifi billing method via unifi.com.my under Settings > Account section. Or you may chat with us via Live Chat at care@unifi app or unifi.com.my/chat, send email request to help@tm.com.my or by making a request at your nearest TMpoint outlet.
14	<p>I cannot open the unifi softcopy bill attachment received in my email. What should I do?</p>	<ul style="list-style-type: none"> ▪ In order to view unifi e-Bill, please ensure your device is installed with Adobe Reader (version 7 or above). ▪ If you do not have the software installed in your device, you can download it for free from Adobe website.

5	<p>I did not receive my unifi bills. What should I do?</p>	<ul style="list-style-type: none"> ▪ We will send your unifi bills to your registered preferred email address to enhance customer reachability. ▪ To ensure that you will not miss your bill statement, please verify that your preferred email address for billing purposes under Profile section at unifi portal is correct. Your unifi bill may have been sent to your junk mail folder, so we would like to advise that the email address tmbilling@tm.com.my is added to your Email Address Book and the “Approved Sender” list. ▪ Alternatively, you can view your bills via online by logging to unifi.com.my.
6	<p>Can I check my previous month statement?</p>	<ul style="list-style-type: none"> ▪ Yes. You can view your previous bill statements up to six (6) previous months via unifi.com.my.
7	<p>How do I make online payments via unifi portal?</p>	<ul style="list-style-type: none"> ▪ Step 1: Sign in to unifi portal at unifi.com.my ▪ Step 2: Select account ▪ Step 3: Click “Pay Now” button ▪ Step 4: Click “I Agree & Pay Now” button ▪ Step 5: Select payment method either Credit Card or Online Banking ▪ Step 6: Click “Proceed” to proceed with the payment
8	<p>In my unifi bill, charges for Internet and unifi TV are listed separately. Does this mean I can remove my unifi TV pack?</p>	<ul style="list-style-type: none"> ▪ No. unifi TV is part of unifi’s triple play service offering ie. Internet, Voice and IPTV. As such, it is inclusive and cannot be removed.
<p>TELEPHONE SET</p>		
9	<p>Am I eligible to get a telephone set if I subscribe to unifi Home plans?</p>	<ul style="list-style-type: none"> ▪ unifi Basic plan and unifi 100Mbps plan does not come with any telephone set. You may buy the telephone set from TMpoint outlets or any other shops selling the telephone.
10	<p>The unifi Home plans also come with a fixed line. Can I make any calls?</p>	<ul style="list-style-type: none"> ▪ Yes, you are able to make calls and there will be a charge of RM0.20/minute. ▪ However, you will need to purchase your own telephone set by visiting the nearest TMpoint or any telecommunications outlets.
11	<p>Where can I get the telephone set?</p>	<ul style="list-style-type: none"> ▪ Our voice service is compatible with any telephone set. You can get your phone set at the nearest TMpoint outlet or any telecommunications merchants.

2	<p>If I don't purchase the phone set (I have my own telephone set), who will install that phone for me? Any guideline?</p>	<ul style="list-style-type: none"> ▪ You can connect the phone on your own. It is as simple as steps below: <ol style="list-style-type: none"> i) Connect telephone cable (RJ11) to telephone ii) Connect the telephone cable (RJ11) to the Splitter's "Phone" port 2 iii) Test your telephone set. Ensure there is a dial tone
<p>OTHER EQUIPMENT</p>		
3	<p>What should I do if I have a problem with my unifi Home service?</p>	<ul style="list-style-type: none"> ▪ For unifi Home service inquiry or further assistance, you may contact us via TM digital channels such as: <ul style="list-style-type: none"> • Live Chat via the Care@Unifi app • unifi self-help portal at unifi.com.my/chat/index.html • Facebook at facebook.com/weareunifi • Community at https://community.unifi.com.my/ • Twitter at @helpmeunifi.
4	<p>What should I do if my unifi Home equipment is faulty?</p>	<ul style="list-style-type: none"> ▪ If the fault is due to a manufacturing defect and the equipment is still under warranty, the equipment will be replaced for FREE. ▪ If the fault is due to customer, customer has an option to replace the equipment either by purchasing a new set of equipment at their own cost without the service contract period being extended or opt for renewal of service in which the contract period of subscribed service will be refreshed effective from the date of the equipment replacement and the equipment will be replaced for FREE. ▪ Alternatively, you may contact us via Live Chat at care@unifi app, visit unifi.com.my/chat, visit any TMpoint outlets nationwide, tweet us @helpmeunifi or message us at facebook.com/weareunifi for assistance.

6	<p>Will the equipment warranty be refreshed if I upgrade from unifi VIP packages to unifi Home package?</p>	<ul style="list-style-type: none"> ▪ The equipment warranty will be refreshed for another one (1) year from the date of upgrade. ▪ The warranty will not be refreshed if customer upgrade within unifi Home packages and no new equipment will be provided.
7	<p>What are other things about unifi Home that I should know?</p>	<ul style="list-style-type: none"> ▪ These are additional information that may help you understand more about unifi Home service:

know?

- If your premise is a high rise building served via copper, you are required to terminate your existing broadband service (if any) before subscribing to unifi Home.
- Minimal drilling is required for fiber installation to the premise. You will be responsible for providing a TV set and 4-socket extension cord to complete the installation. No installation appointment will be made for premise undergoing renovation.
- All triple play services (internet, voice and TV) will be activated during service installation. Partial service activation is not allowed.
- unifi Home is a wired broadband service. Wireless connectivity is an additional feature that TM provides for free and is subject to interference and obstruction factor which may affect its quality.
- unifi Home account owner or authorised contact person must be available during the service installation. For high rise premises, owners are required to make arrangement with Building Management Office for installation permission, internal cabling and access to telecommunication room.
- For internal cabling, additional charges will be applied for standard cables more than 50 meters and payment will be made directly to the contractor.
- For other optional installation e.g. wiring inside ceiling or external cabling (pole to ground with surface cabling to premise), you may appoint your own contractor or deal directly with TM appointed contractor. Payment will be made directly to the contractor.
- Please provide a correct and valid billing e-mail address and hand phone number. TM will send your monthly bill via e-Bill to your registered email address. Apart from e-Bill, you will also receive SMS text notification within 7 days after the bill is ready. The content of SMS is the bill amount, bill due date and unifi portal link to view the bill. Your bill is also accessible at unifi portal (unifi.com.my).
- All unifi Home equipment provided by TM is covered by 12 months manufacturer warranty.
