30.	I am an existing unifi Home customer, however I'm getting a notification that my account yet to be migrated.	<ul style="list-style-type: none"> Existing customer who are still on the old platform need to be migrated before login to unifi Plus Box. TM will communicate once the migration process is successful (once your order is completed) and you may enjoy unifi TV via unifi Plus Box.
-----	---	--

	What should I do?	
31.	I am an existing unifi Home customer, can I use the existing media box to watch unifi TV content once I upgrade my unifi package with unifi Plus Box?	<ul style="list-style-type: none"> ▪ Legacy media box (silver) is a discontinued model. Existing customers with this box may face service interruptions. Furthermore, please be informed the replacement parts for the discontinued model are no longer in production, and our technicians are unable to perform any maintenance for this box. As such, please use unifi Plus Box for your best viewing experience. ▪ Customer with white media box (V8) can still enjoy unifi TV services until further announcement from TM.
32.	I'm using 30Mbps VDSL but having trouble watching unifi TV via unifi Plus Box. What should I do?	<ul style="list-style-type: none"> ▪ We would like to inform that the new unifi Plus Box is running as OTT (over-the-top) box. ▪ To enjoy the best streaming quality for 30Mbps VDSL, we recommended you to connect your unifi Plus Box with a wired LAN connection (port 1, 2 or 3). Kindly note that this wired connection is still running on shared bandwidth with your internet browsing. ▪ It is also advisable to keep the number of connected devices to be minimal to ensure you have sufficient bandwidth for unifi TV stream via unifi Plus Box. ▪ If unifi fibre service already available at your area, we highly recommend you upgrading to the plan that suits your broadband needs.
33.	I would like to cancel the unifi plan with unifi Plus Box within the contract period, is there any penalty charge?	<ul style="list-style-type: none"> ▪ Yes. The penalty charge is the remaining months of the monthly subscription fee (price before discount) of the subscribed package and unifi TV pack.
34.	How are you going to deliver the unifi Plus Box to me?	<ul style="list-style-type: none"> ▪ No worries, there will be a unifi installer to help you set up the unifi Plus Box at your premise.
unifi Plus Box Features & Function		
35.	Can I watch 4K UHD content with unifi Plus Box?	<ul style="list-style-type: none"> ▪ unifi Plus Box supports 4K UHD content. However, there are three (3) essential requirements that must be fulfilled before you can enjoy the best of 4K quality i.e. – a compatible 4K UHD TV, 4K Android box and 4K UHD content.

		<ul style="list-style-type: none"> At this moment, unifi TV has yet to launch any channel with 4K UHD content, however you may be able to view 4K UHD content from YouTube.
36.	If I am using a 4K TV, do I need to do any configuration on my TV and unifi Plus Box to enjoy 4K quality?	<ul style="list-style-type: none"> If you already using a 4K TV, you can watch 4K UHD content using unifi Plus Box.
37.	How do I use the subtitle function / multiple audio while playing On Demand content?	<ul style="list-style-type: none"> The subtitle / multiple audio functions is available for selection On Demand content. While playing your On Demand content, follow the simple steps as below: <ol style="list-style-type: none"> Press “Up” button on your remote control Choose subtitle icon  , Or Choose audio icon  Select your preferred subtitle / audio
38.	My remote control is not responding / intermittently responding. What should I do?	<ul style="list-style-type: none"> First, please make sure that you have pair your remote with the unifi Plus Box and the battery are correctly in placed. Follow this steps as below to pair a Bluetooth device <ol style="list-style-type: none"> Go to Home screen Select “Settings” Under “Remote and accessories” select Add accessory. You will see a list of nearby devices. Put your device in pairing mode. Your device will be added to the on-screen list Select your device Kindly refer to the unifi TV Quick Start guide provided in the box or go to https://unifi.com.my/plusbox for step-by-step installation and setup guide. As an alternative, if problem still persist, just download the Android TV Remote Control apps from the Google Play Store on your smart devices.
39.	I’m facing channel glitch/ channel not viewable and sometimes bad picture quality. What should I do?	<ul style="list-style-type: none"> If you are facing channel glitch/not viewable – please press “Home” button and re-launch unifi TV app. If you are facing bad picture quality – try moving your unifi Plus Box nearer to your WiFi router to ensure maximum connectivity. Alternatively, you may connect your unifi Plus Box with a wired LAN connection (port 1, 2 or 3). Kindly note that this

		<p>wired connection is still running on shared bandwidth with your internet browsing.</p> <ul style="list-style-type: none"> If the problem still persists, we seek your kind patience as we have scheduled a system upgrade soon to solve the issue. 												
40.	<p>I received error message – “Oops! An error occurred. Refresh the app”. What should I do?</p>	<ul style="list-style-type: none"> Simply press the “Home” button and re-launch unifi TV app. If the problem still persists, please follow these steps to force stop the unifi TV app: <ol style="list-style-type: none"> Press the “Shortcut to installed apps” button  on your remote control Select unifi TV app Press and hold “OK” button Select “Info” Select “Force Stop” 												
41.	<p>I reckoned that my unifi Plus Box picture quality is lower as compared to my previous Android box (V8 box). Why is that so?</p> <p>Any plan to improve the quality at least similar to the V8 quality or even better?</p>	<ul style="list-style-type: none"> We would like to inform that the new unifi Plus Box is running as OTT (over-the-top) box. Hence currently the connectivity is via WiFi. In the case of wired connectivity via LAN cable, it is still on the shared bandwidth with your internet browsing activity. Thus, the quality will be compromised. This is in contrast with the V8 Android box whereby it is running on purely IPTV service with wired dedicated bandwidth supporting the picture quality. The comparison for the two boxes is as per table below: <table border="1" data-bbox="545 1232 1402 1507"> <thead> <tr> <th>Type of box</th> <th>Picture Quality</th> <th>Mobility</th> <th>Application</th> </tr> </thead> <tbody> <tr> <td>unifi Plus Box</td> <td>Compromised (WiFi connectivity)</td> <td>YES</td> <td>YES</td> </tr> <tr> <td>Andorid V8 Box</td> <td>Sustainable (Wired Connectivity)</td> <td>NO</td> <td>NO</td> </tr> </tbody> </table>	Type of box	Picture Quality	Mobility	Application	unifi Plus Box	Compromised (WiFi connectivity)	YES	YES	Andorid V8 Box	Sustainable (Wired Connectivity)	NO	NO
Type of box	Picture Quality	Mobility	Application											
unifi Plus Box	Compromised (WiFi connectivity)	YES	YES											
Andorid V8 Box	Sustainable (Wired Connectivity)	NO	NO											
42.	<p>How to use the the TV Guide, Subtitle and Audio Feature for Live Channels?</p>	<ul style="list-style-type: none"> Please make sure to download our latest app version. Simply, press the “Up” button on your remote control to enjoy these features available. 												
unifi TV Customer														
43.	<p>I am an existing unifi TV customer via old version of unifi</p>	<ul style="list-style-type: none"> Launch unifi TV app and login using your existing unifi playTV ID and password.
