Additionally, a Fair Usage Policy (FUP) applies during roaming. This means that once you have used up the fair usage quota included in your pass, you can still access mobile internet at a reduced speed until the pass expires. For 7-day, 15-day, and 30-day passes, the fair usage quota is refreshed every 24 hours from the initial activation time.</p>
5.	Which rate plans do I need to be on to purchase data roaming passes?	You can buy data roaming passes regardless of whether you are on a Postpaid or Prepaid plan. Just ensure you have sufficient reload if you are on Prepaid to purchase the pass.
6.	What do the data roaming passes offer, and how long are they valid?	The passes provide you with uninterrupted mobile internet connectivity while traveling abroad. They are active for 1 day (24 hours) and 7 days (168 hours), 15 days (360 hours) and 30 days (720 hours) from the time of purchase for 1-day passes, 7-day passes, 15-day passes and 30-days passes respectively.
7.	How do I subscribe to the data roaming passes?	With our data roaming passes, you will enjoy seamless mobile internet access while traveling internationally. They come in durations of 1 day (24 hours), 7 days (168 hours), 15 days (360 hours), and 30 days (720 hours) from the moment you purchase them. Stay connected hassle-free wherever you go.
8.	Can I purchase multiple roaming passes?	Yes, you can. However, there is a limit to purchasing multiple passes at one time. You are allowed to buy one pass at a time, except for the 1-day Pass (Data Booster). If you have already purchased a 7-Days Pass, 15-Days Pass, or 30-Days Pass, you can still buy a 1-Day Data Booster if you need more data beyond your allocated Fair Usage Policy (FUP) within 24 hours.
9.	If my 7-day pass is almost expired and I need to extend it, what should I do? Can I purchase another 7-day roaming pass?	If you are looking to extend your roaming access, you will need to wait until your current 7-day pass expires. Once it is expired, you can purchase another 7-day pass to keep enjoying seamless connectivity wherever you are.

10.	If I purchase the roaming pass, will it affect my bill credit limit?	Yes, purchasing a roaming pass will indeed affect your bill credit limit.
11.	Can I purchase the pass if I have an outstanding bill?	<p>Definitely. Let's break down the scenarios:</p> <p>Scenario 1: If you have an outstanding bill but your credit limit still available, you are good to go! You can purchase a roaming pass without any hassle. However, if your account is currently barred or suspended, you will not be able to buy any pass at the moment.</p> <p>Scenario 2: If you have an outstanding bill and your credit limit is maxed out, don't worry. Simply clear the outstanding bill, and your credit limit will refresh to its full amount. Once that's done, you can purchase a roaming pass based on your refreshed credit limit.</p> <p><i>Notes: You will need to pay a minimum of 75% of your unbilled and /or billed amount to reactivate your mobile services.</i></p>
12.	How do I keep track of my data roaming pass usage and expiry?	We will keep you informed every step of the way. You will receive SMS notifications when you hit 80% and 100% of your quota. Plus, for extra convenience, you can check both your remaining quota and pass validity right in our app.
13.	I've reached the limit for my data! How can I continue surfing at the best effort speed while I'm still roaming?	You can easily keep surfing at top speed by purchasing additional data roaming passes. It is simple — you can do it right through our app, portal, or by dialing *123# using USSD.
14.	Will I be informed when my subscription is successful?	Yes, you will receive an SMS notification when your data roaming pass is successfully activated, whether it is for auto subscriptions or pass renewals.
15.	In which countries are the data roaming passes available?	Our data roaming passes are available in over 100 countries, ensuring you stay connected wherever your travels take you. For the full list of countries where our passes are available, you can check out our website at https://unifi.com.my/mobile/roaming .

16.	How do I unsubscribe from a data roaming pass?	No need to worry about unsubscribing! Your data roaming pass will automatically expire after its validity period ends. So, you can enjoy your connectivity worry-free until then.
17.	I have purchased a UNI5G Roam SG/Thai/Indo Unlimited Data 1-Day Pass in Singapore. Can I use the same pass in Thailand on the same day?	Absolutely! However, we are constantly working to expand our coverage to include more Middle Eastern countries in the near future. For updates and further information, kindly visit https://unifi.com.my/mobile/roaming .
21.	What is the Fair Usage Policy (FUP) for the passes and how does it work?	Our Data Roaming passes typically come with unlimited internet, but they also have a Fair Usage Policy (FUP) to ensure fair usage for everyone. For most passes, this means you will have up to 500MB of high-speed data per day, except for the Uni5G Roam Middle East Pass, which offers up to 1GB daily. Once you reach your FUP quota, you will still have unlimited data access, but at a reduced speed of 512Kbps. So, you can continue browsing, messaging, and staying connected, just at a slightly slower pace.

22.	Will there be any additional charges if I have reached the daily fair usage quota?	No, there will not be any extra charges! Once you have hit the daily fair usage quota, your internet speed will simply be reduced. So, you can keep using data without worrying about unexpected fees.
23.	Can I restore my Internet speed upon reaching the daily fair usage quota?	Yes, you can easily restore your Internet speed by purchasing a new 1-day data roaming pass through our app or portal.
24.	Are the data roaming passes compatible with any phone model?	Yes, our passes are compatible with all phone models.
25.	Will I be able to use mobile Internet overseas without subscribing to a data roaming pass?	Unfortunately, no. To access mobile Internet overseas, you will need to subscribe to one of our data roaming passes.
26.	How much will I be charged when I make calls or send SMS while roaming?	Voice and SMS charges can vary depending on the country you are roaming in. Our voice calls are charged in 60-second blocks. For detailed information on the charges in the countries you plan to visit, simply head over to https://unifi.com.my/mobile/roaming .
27.	How much will I be charged for making calls and sending SMS to Satellite numbers (e.g., Inmarsat) or countries not included in our mobile plan's list?	If you are reaching out to satellite numbers or countries not covered in our mobile plan, you will be charged at a pay-per-use rate. For calls, it is RM75 per minute, and for SMS, it is RM0.50 per message sent.
28.	Do I have to manually select the Roaming partners?	No, you will be automatically connected to the strongest network available in your visiting countries. However, if you encounter any issues connecting to your preferred network, you have the option to manually select the network operator. Here's how: Go to your phone Settings > Mobile Data > Network Selection, then switch off Automatic.
