

## Your questions answered

We've put together some commonly asked questions to give you more information about the Unifi SmartDeal iPad campaign.

### General

#### 1. What is the offer about?

Unifi is now offering Unifi Home customers the chance to own an Apple iPad by upgrading their existing broadband plan and renewing their contract for either 24 or 36 months.

#### 2. Who is eligible for this offer?

This campaign is exclusively for existing Unifi Home customers who:

- Have had an active subscription for at least six (6) months.
- Have maintained a good payment record.

To enjoy this offer and receive an iPad, you must:

- i. Upgrade to a specific bundle plan that includes both a speed upgrade and the iPad device
- ii. Renew your Unifi Home service contract
- iii. Be a Malaysian citizen
- iv. Have a good payment record with Unifi

If you currently have an **active Smart Device add-on contract**, you are still eligible to get the iPad bundle—but you must have completed at least six (6) months of your existing contract before switching to the new iPad bundle plan.

However, if you are subscribed to a discounted bundle plan that includes a device, content or mobile under an ongoing contract, you will not be eligible for the Unifi Home SmartDeal iPad offer.

#### 3. Will I be tied to a contract?

Yes, the Unifi SmartDeal iPad plans come with a **24-month** or **36-month** contract, depending on the plan you choose.

#### 4. I'm interested! How can I sign up for the Unifi SmartDeal iPad?

- You can sign up through any of the following channels:
  - Digital: MyUnifi app or [Selfcare portal](#)

## 6. Will I get to keep the iPad after my bundle contract ends?

Yes, you will get to keep the iPad after completing your 24-month or 36-month bundle contract and fully settling the device payment. After the device contract ends, you will only be charged the Home Broadband monthly fee.

## 7. What are the monthly charges for the Unifi SmartDeal iPad plan?

- a. To be eligible for the campaign, you must upgrade to an internet plan that is at least one (1) tier faster—or double the speed—of your current Unifi Home Broadband plan.

## 8. Why am I being double charged in my first (1<sup>st</sup>) bill for the SmartDeal iPad subscription?

In your first bill, you may see a double charge for the device because the iPad subscription is not prorated. Only your Unifi Home broadband charges are prorated.

Here is an example based on the iPad 11 WiFi 128GB at RM60/month (with a 300Mbps plan on a 24-month contract):

- Month 1 bill: RM60 (Month 1) + RM60 (Month 2) = RM120
- Month 2 to Month 23 bills: RM60 per month
- Total charges for the iPad: RM1,440—you will still only be charged for 24 months in total.

The charges are based on calendar months. You can refer to the “Start Date” and “End Date” on your bill to view the actual billing period. Rest assured, you will only be billed for the full 24-month subscription period.

## 9. When will I receive the iPad?

### a) Unifi Store Pickup

The store pick-up option is strictly applicable to walk-in customers only. You may pick up your iPad on the same day you place your order when you subscribe to the iPad bundle at one of the selected Unifi Stores, subject to stock availability and provided there are no processing or installation issues with your order.

If your order requires installation by the Unifi team, our Care Crew from the respective Unifi Store will contact you within five (5) working days after installation is completed.

### Penalty

#### 19. How much is the penalty amount if I terminate the plan within the contract period?

If you terminate your plan during the contract period, an early termination fee will apply. This fee is calculated based on the remaining months of your Home Broadband and iPad contract:

$$[\text{Remaining Contract Months} \times \text{Current Unifi Home Monthly Subscription Fee}] + [(\text{Device Recommended Retail Price (RRP)} / 24 \text{ or } 36 \text{ months}) \times \text{Remaining Months}]$$

Example:

For a 36-month subscription of 500Mbps with an iPad Air 11" 128GB (RRP RM2,799) and seven (7) months remaining:

- i. Broadband:  $7 \times \text{RM}159 = \text{RM}1,113$
- ii. iPad Device:  $(\text{RM}2,799 / 36) \times 7 = \text{RM}544$

Total Penalty Fee:  $\text{RM}1,113 + \text{RM}544 = \text{RM}1,657$

#### 20. Under what circumstances will I be charged a penalty?

You will be charged the remaining balance of the iPad device if any of the following occurs during the contract period:
