How do I use the Google Assistant on the remote control?	<ul style="list-style-type: none"> ▪ Press the Google Assistant button on the remote control and speak close to the remote control to use the feature. ▪ Currently, the Google Assistant only works in the Google world. To use it, you will need to configure your Google account on the unifi Plus Box.

Existing unifi Home customers

25. **I am an existing unifi Home customer, how do I get the unifi Plus Box?**

- Existing unifi Home subscribers can upgrade their plan to enjoy unifi Plus Box. For the latest offerings, kindly visit www.unifi.com.my
- Customers who are subscribing to bundle plans without unifi TV Pack can add on:
 - i) RM60/month for Ultimate Pack with unifi Plus Box.
- However, if you already subscribed to any of unifi TV pack, you have an option for additional unifi Plus Box as add-on.
- Details as per below table:

Add On	Description	Price	Contract
Ultimate pack with unifi Plus Box	Enjoy all channels via unifi Plus Box	RM60 monthly	24 months
unifi Plus Box	Multi room entertainment with additional unifi Plus Box	RM20 for 24 months	24 months

26. **I'm using 30Mbps VDSL but having trouble watching unifi TV via unifi Plus Box. What should I do?**

- We would like to inform that the unifi Plus Box is running as OTT (over-the-top) box.
- To enjoy the best streaming quality for 30Mbps VDSL, we recommend you to connect your unifi Plus Box with a wired LAN connection (port 1, 2 or 3). Kindly note that this wired connection is still running on shared bandwidth with your internet browsing.
- It is also advisable to keep the number of connected devices to the minimum to ensure you have sufficient bandwidth for unifi TV streaming via unifi Plus Box.
- If unifi fibre service is already available at your area, we highly recommend you to upgrade to the plan that suits your broadband needs.
- However, if you are using the New unifi Plus Box, simply connect via IPTV using Ethernet Cable to Port 4-TM Router (if applicable) to enjoy uninterrupted unifi TV (Live TV and On Demand) viewing experience.

27.	I would like to cancel the unifi plan with unifi Plus Box within the contract period, is there any penalty charge?	<ul style="list-style-type: none"> ▪ Yes. The penalty charge is the remaining months of the monthly subscription fee (price before discount) of the subscribed package and unifi TV pack.
28.	How are you going to deliver the unifi Plus Box to me?	<ul style="list-style-type: none"> ▪ For New Installation, there will be a unifi installer to help you set up the unifi Plus Box (together with other TM's CPE) at your premise. ▪ For change plan/upgrade plan or Add-On subscription, unifi Plus Box will be deliver via courier within 7 working days (upon successful order) <p><i>Note : More info on unifi Plus Box (Add-on) delivery via courier at section below.</i></p>

unifi Plus Box Features & Function

29.	Is there any difference in the streaming quality between the current unifi Plus Box and the new unifi Plus Box?	<ul style="list-style-type: none"> ▪ We would like to inform that the unifi Plus Box is running on WiFi connectivity. ▪ However for the New unifi Plus Box, it supports both WiFi and IPTV connectivity. ▪ For uninterrupted unifi TV (Live TV and On Demand) viewing experience, you have an option to connect via IPTV using Ethernet Cable to Port 4 (TM Router). ▪ The comparison for the two boxes is as per table below: <table border="1" data-bbox="539 1335 1393 1637"> <thead> <tr> <th data-bbox="539 1335 746 1402">Type of box</th> <th data-bbox="746 1335 1002 1402">Picture Quality</th> <th data-bbox="1002 1335 1185 1402">Mobility</th> <th data-bbox="1185 1335 1393 1402">Download Apps</th> </tr> </thead> <tbody> <tr> <td data-bbox="539 1402 746 1503">unifi Plus Box</td> <td data-bbox="746 1402 1002 1503">Compromised (WiFi connectivity)</td> <td data-bbox="1002 1402 1185 1503">YES</td> <td data-bbox="1185 1402 1393 1503">YES</td> </tr> <tr> <td data-bbox="539 1503 746 1637">New unifi Plus Box</td> <td data-bbox="746 1503 1002 1637">Streaming stability over IPTV connectivity</td> <td data-bbox="1002 1503 1185 1637">YES</td> <td data-bbox="1185 1503 1393 1637">YES</td> </tr> </tbody> </table>	Type of box	Picture Quality	Mobility	Download Apps	unifi Plus Box	Compromised (WiFi connectivity)	YES	YES	New unifi Plus Box	Streaming stability over IPTV connectivity	YES	YES
Type of box	Picture Quality	Mobility	Download Apps											
unifi Plus Box	Compromised (WiFi connectivity)	YES	YES											
New unifi Plus Box	Streaming stability over IPTV connectivity	YES	YES											

30.	<p>I reckoned that my unifi Plus Box picture quality is lower as compared to my previous Android box (V8 box). Why is that so?</p>	<ul style="list-style-type: none"> ▪ We would like to inform that the unifi Plus Box is running as OTT (over-the-top) box. Hence currently the connectivity is via WiFi. ▪ In the case of wired connectivity via LAN cable, it is still on the shared bandwidth with your internet browsing activity. Thus, the quality will be compromised. This is in contrast with the V8 Android box whereby it is running on purely IPTV service with wired dedicated bandwidth supporting the picture quality. ▪ The comparison for the two boxes is as per table below: <table border="1" data-bbox="539 600 1394 869"> <thead> <tr> <th>Type of box</th> <th>Picture Quality</th> <th>Mobility</th> <th>Download Apps</th> </tr> </thead> <tbody> <tr> <td>unifi Plus Box</td> <td>Compromised (WiFi connectivity)</td> <td>YES</td> <td>YES</td> </tr> <tr> <td>Android V8 Box</td> <td>Sustainable (Wired Connectivity)</td> <td>NO</td> <td>NO</td> </tr> </tbody> </table>	Type of box	Picture Quality	Mobility	Download Apps	unifi Plus Box	Compromised (WiFi connectivity)	YES	YES	Android V8 Box	Sustainable (Wired Connectivity)	NO	NO
Type of box	Picture Quality	Mobility	Download Apps											
unifi Plus Box	Compromised (WiFi connectivity)	YES	YES											
Android V8 Box	Sustainable (Wired Connectivity)	NO	NO											
31.	<p>Can I watch 4K UHD content with unifi Plus Box?</p>	<ul style="list-style-type: none"> ▪ unifi Plus Box supports 4K UHD content. However, there are three (3) essential requirements that must be fulfilled before you can enjoy the best of 4K quality i.e. – a compatible 4K UHD TV, 4K Android box and 4K UHD content. ▪ At this moment, unifi TV has yet to launch any channel with 4K UHD content, however you may be able to view 4K UHD content from YouTube. 												
32.	<p>If I am using a 4K TV, do I need to do any configuration on my TV and unifi Plus Box to enjoy 4K quality?</p>	<ul style="list-style-type: none"> ▪ If you are already using a 4K TV, you can watch 4K UHD content using unifi Plus Box. 												
33.	<p>How do I use the subtitle function / multiple audio while playing On Demand content?</p>	<ul style="list-style-type: none"> ▪ The subtitle / multiple audio functions are available for selection On Demand content. While playing On Demand content, follow the simple steps as below: <ol style="list-style-type: none"> 1) Press “Up” button on your remote control 2) Choose subtitle icon  , Or 3) Choose audio icon  4) Select your preferred subtitle / audio 												
34.	<p>How to use the TV Guide, Subtitle and Audio Feature</p>	<ul style="list-style-type: none"> ▪ Please make sure to download the latest version of the app. Simply, press the “Up” button on your remote control to enjoy these features available. 												

	for Live Channels?	
35.	What is the function of Parental Lock?	<ul style="list-style-type: none"> ▪ Parental Lock allows you to restrict viewing and purchases of inappropriate TV programmes based on your preference by locking the channel using the Parental PIN. <p>Note: Parental PIN is similar to Purchase PIN (6 digits)</p>
36.	I forgot my Purchase PIN. What should I do?	<ul style="list-style-type: none"> ▪ Your default purchase PIN is 123456. If you have forgotten your purchase PIN, you may reset the PIN via unifi PlayTV app. ▪ Simply go to: Profile > View My Profile > PIN > Reset PIN. ▪ Please follow the steps below: <ol style="list-style-type: none"> 1) Enter your unifi PlayTV password 2) Enter a new PIN 3) Confirm PIN
37.	How do I use the Parental Lock feature on unifi Plus Box?	<ul style="list-style-type: none"> ▪ To use the Parental Lock feature: <ol style="list-style-type: none"> 1) Press 'Up' on your remote and select Parental 2) Press 'Down' to select Lock Channel 3) Enter the Parental PIN (6 digits) and press the 'Confirm' button
38.	Can I remove/turn off the Parental Lock feature?	<ul style="list-style-type: none"> ▪ Yes, you can. To turn-off the Parental Lock feature: <ol style="list-style-type: none"> 1) Open the locked channel 2) Press OK on your remote 3) Enter the Parental PIN (6 digits) and press the 'Confirm' button ▪ You also have an option to remove/turn off the Parental Lock permanently by following these steps: <ol style="list-style-type: none"> 1) Open the locked channel 2) Press 'Up' on your remote and select Parental 3) Press 'Down' to select Unlock Channel 3) Enter the Parental PIN (6 digits) and press the 'Confirm' button
39.	Why do I see this message, "Are you still watching" on my TV screen?	<ul style="list-style-type: none"> ▪ You will see a prompt message after four (4) hours of continuous playback without any user activity. ▪ If you'd like to continue watching, please confirm by pressing any key on your remote control. If there is no response, you will automatically direct back to Home screen.

Quick troubleshooting Guide

40.	<p>Why does my unifi Plus Box unable to access the network?</p>	<ul style="list-style-type: none"> ▪ Simply follow the configuration checklist as below: <ol style="list-style-type: none"> 1. Go to “Settings” and select “Network & Internet” to ensure that the WiFi is enabled. 2. Choose the available network to connect (for WiFi user) or check if LAN cable is properly connected to the unifi Plus Box. 3. a) For unifi Plus Box Check the network link indicator at the front panel of the box. Green light means it is connected to a network and if the light turns Red, it means that the device is not connected to a network. b) For New unifi Plus Box Check the network link indicator at the front panel of the box. Blue light means it is connected to a network and if the light turns Blue/Orange (alternate blink), it means that the device is not connected to a network. 4. Should you need further assistance on network connectivity, please contact: <ul style="list-style-type: none"> • Live Chat on https://maya.unifi.com.my or myunifi app • Facebook via facebook.com/weareunifi • Twitter @helpmeunifi • Email to help@tm.com.my
41.	<p>My remote control is not responding / intermittently responding. What should I do?</p>	<ul style="list-style-type: none"> ▪ First, please make sure that you have paired your remote with the unifi Plus Box and the batteries are correctly in place. ▪ Follow the below steps to pair a Bluetooth device <ol style="list-style-type: none"> 1. Go to Home screen 2. Select “Settings” 3. Under “Remote and accessories” select Add accessory. You will see a list of nearby devices. 4. Put your device in pairing mode. Your device will be added to the on-screen list 5. Select your device ▪ Kindly refer to the unifi TV Quick Start guide provided in the box or go to https://unifi.com.my/tv/devices/unifi-plus-box for step-by-step installation and setup guide. ▪ As an alternative, if problem still persist, just download the Android TV Remote Control app from Google Play Store on your smart devices.
42.	<p>I’m facing channel glitch/ channel not viewable and sometimes bad picture quality.</p>	<ul style="list-style-type: none"> ▪ If you are facing channel glitch/not viewable – please press “Home” button and re-launch unifi TV app. ▪ If you are facing bad picture quality – try moving your unifi Plus Box nearer to your WiFi router to ensure maximum connectivity.

	What should I do?	<ul style="list-style-type: none"> ▪ Alternatively, you may connect your unifi Plus Box with a wired LAN connection (port 1, 2 or 3). Kindly note that this wired connection is still running on shared bandwidth with your internet browsing.
43.	I received error message – “Oops! something went wrong. An unexpected error has occurred. Press OK to reload app”. What should I do?	<ul style="list-style-type: none"> ▪ Simply press the “Home” button and re-launch unifi TV app. ▪ Please follow these steps to force stop the unifi TV app: <ol style="list-style-type: none"> 1) Press the “Shortcut to installed apps” button  on your remote control 2) Select unifi TV app 3) Press and hold “OK” button 4) Select “Info” 5) Select “Force Stop” ▪ If the problem still persists, please contact: <ul style="list-style-type: none"> • Live Chat on https://maya.unifi.com.my or myunifi app. • Contact our helpline at 100.
44.	Why am I experiencing intermittent audio issue?	<ul style="list-style-type: none"> ▪ Please make sure that you have updated to the latest firmware by following the below steps: Go to settings > Device Preference > About > System update
